HARVEY CHENAULT SELLS HIS FARM

Handsone Home of 441 Acres On Big Hill Pike Bought By Wilson and Chas. Brandenburg

One of Madison's "show" farms the home of Col. and Mrs. Harvey Chenault, was sold Monday by Real Estate Agent L. P. Evans to Wilson and Charles Brandenburg. The consideration was \$290 per acre for the 441.81 acres in the transaction. Mr. Chenault retains about 161 acres but his handsome old home goes with the tract sold to Messrs. Brandenburg.

The Chenault home farm is located about four miles from Richmond on the Big Hill pike—the Dixie Highway. It is all splendid land, fine tobacco and corn land, and real estate men say that it is one of the cheapest farms that have been sold in Madison in a long time.

Possession of most of the place will be given January 1st, and of the balance the middle of January. Most of Col. Chenault's farm has been leased to his nephew, Tom C. Chenault, and his cousin, Waller Chenault, during the past season. Mr. Chenault's plans are said not to definitely determined as yet, but this friends hope that he will move to town.

10 TO 15 REPORTED BURNED TO DEATH

(By Associated Press)

Klamath Falls, Oregon, Sept. 7.—From ten to fifteen persons are believed to have been burned to death here early Monday in a fire which destroyed the Houston opera house and other business and dwelling houses nearby. The police say eight bodies have been taken from the ruins of a hotel filled with Labor Day visitors.

MORE WHISKY FOUND

Three Mercer county men were arrested and four more barrels of whisky, stolen from the D. L. Moore distillery at VanArsdale on August 24, were recovered by Prohibition Agent Rowan Sautley and Deputy Collector Gibson, of Danville, Monday afternoon. The men arrested were Charles Adams, Robert Adams and Huntley Yocum, who were taken before Commissioner Lawwell, of Danville, who held them under \$1,500, after they had entered a plea of guilty to taking whisky from the D. L. Moore distillery.

The whisky discovered by Agent Sautley was found buried in a sink-hole on the farm of W. S. Harlan, about a mile and a half from VanArsdale, the scene of the fake holdup and theft. Mr. Harlan said he had no knowledge of the presence of the liquor and was not arrested. The action of Agent Sautley was taken after a partial confession made by Robert Adams, after some evidence had been obtained independently which pointed toward his participation in the robbery.

The discovery of the four barrels by Prohibition Agent Sautley and Collector Gibson makes a total of nine barrels of the missing whisky which has been recovered.

FISCAL COURT TUESDAY

Fiscal court opened for regular session Tuesday, Judge W. K. Price in charge, and the routine business was in order. That there will be considerable business pertaining to roads before the court there is no question. The great amount of road work being done commands close attention and the present year promises to record the greatest improvement in the past decade in Madison county roads generally.

BANKERS IN SESSION

Messrs. R. E. Turley, of the State National Bank, and H. B. Cosby, of the Madison Bank, are in Louisville attending the annual convention of the Kentucky State Bankers' Association. Messdames Cosby and Turley accompanied their husbands and will spend a few days there during the convention.

FIRST ONE OFF THE PORCH

(By Associated Press)

Marion, Ohio, Sept. 7.—Senator Harding left on a special train today for St. Paul, where tomorrow he will deliver his first speech of the campaign outside of Ohio. He will speak on the agricultural issue.

Weather For Kentucky

Showers tonight and Wednesday.

COX FAVORS SELF DETERMINATION

Democratic Nominee Has Great Day In Minnesota—No "Pink Tea," He Declares

Minneapolis, Minn., Sept. 7.—"I am in favor of the principle of self determination in Japan, in China, in Turkey, in Persia, in Ireland, or any other place in the world."

This climax to an explanation of the operation of the League of Nations to a heckler at St. Paul before a great audience by Gov. James M. Cox, Democratic nominee for the Presidency, was greeted by a tremendous outburst of applause, in which the heckler himself joined.

The querist, who described himself as an Ohioan who had worked in Dayton, demanded to know whether the candidate, if elected President, would recognize the "Republic of Ireland."

His action threw the meeting into confusion and demands were made for his ejection.

Gov. Cox forbade the advancing police to touch the man, declaring that it was the time for free speech upon all subjects.

As soon as order had been restored the Governor described that part of the covenant which dealt with the self-determination of the peoples of the nations, asserting that it was the greatest of the 14 points enunciated preceding the signing of the armistice.

Quoting Article X, he said it was intended to preserve the peace of the world by preventing larger nations from applying bullying tactics to smaller nations.

Then he launched his assertion regarding what he favored for Ireland and for all countries seeking their natural right. The heckler bowed and joined in the applause, the Governor coming to the edge of the platform to thank him for his courtesy.

"There is no question appearing to this campaign that I am afraid to discuss," said the Governor when the cheering came to an end.

The incident was but one of a remarkable day filled with notable campaigning features and unusual experiences.

Incidentally, he demonstrated his skill as a horseman by driving a fast pacer around the track at the fair grounds, a feat that brought the applause of the lovers of the game. In addition he was photographed with an old Winnebago Indian Chief, who asserted he was 132 years old, and was alive when George Washington was President.

In brusque fashion he answered local criticism that his style of campaigning was too rough by asking, amid encouraging shouts: "Who is squealing? Is it not the same crowd that for a year fought a sick man and drove him into a sick bed in the White House? Let me say to them: This is not going to be a pink tea fight nor a pillow contest."

MOSES IN RACE AGAIN

FOR U. S. SENATOR IN EAST

(By Associated Press)

Concord, Mass., Sept. 7.—Senator George Moses' candidacy for the republican nomination for United States senator was the outstanding interest in today's primaries for senator, congressman and governor.

Moses' opponent is Huntley N. Spaulding, whose forces excited great efforts in the capture of the women's votes on the strength of Moses' opposition to woman suffrage. Moses is also said to be "irreconcilable" on the League of Nations.

Few Women Register

Boston, Mass., Sept. 7.—Massachusetts today selected state and congressional candidates for the November election. It was the first primary where women voted. They had registered in proportion to one to every four men.

LOST PONY

White and brown mare pony, left Rice's Station ten days ago; \$10 reward for information leading to recovery.

DR. C. MARCUM, 215 3 Phone 27—3, Irvine, Ky.

FOR RENT—Two nicely furnished rooms on Broadway. Phone 113.

REPUBLICANS IN BIG CONTEST CASE

Judgeship Nomination In Lee-Estill District Prize Kash and Hurst Fight For

Beattyville, Ky., Sept. 7.—What promises to be the bitterest political trial ever held in the mountains, began here Monday in the hearing of the suit of W. L. Kash Jackson, contesting the republican nomination for Circuit Court Judge of his cousin, Sam Hurst, of Beattyville, on grounds of fraud.

Charges and counter charges of wholesale corruption have been made by both sides following the primary, which resulted in Mr. Hurst receiving the nominating certificate by 26 votes. The primary campaign was one of the bitterest ever conducted in this section of the state and fist fights were not infrequent.

Two days after the primary attorneys for Kash filed a suit asking the County Judge for a mandatory injunction to compel the County Election Commissioners to throw out the vote in Spring Fork precinct, this county.

The suit charged that while election officers of this precinct were on their way to deliver the ballot boxes to the county clerk, they were intercepted on the road by Hurst supporters and the boxes stuffed with 20 ballots for Mr. Hurst.

Only 57 votes actually were cast in this precinct, according to the suit, whereas 77 were found when the ballot box was opened by the election commissioners.

Charges were also made that more than 100 democrats, whose names were set forth, had voted for Mr. Hurst. The county judge refused to grant the injunction and the case was appealed.

Circuit Judge W. R. Shackelford, of Richmond, ruled that relief could not be obtained through an injunction, but through a contest, and the Court of Appeals upheld his ruling. The contest suit was then filed by Mr. Kash.

More than a score of attorneys have been retained by Mr. Hurst, who filed 48 pages of countercharges alleging that democrats and persons not competent to vote had cast ballots for Mr. Kash. Erroneous counting of ballots and vote buying were also charged.

Charges of acceptance of large contributions from corporations are made by both men.

Circuit Judge Cisco, of Grayson, has been appointed special judge to hear the case. Attorneys for Mr. Kash will insist on verbal testimony, whereas the other side will ask that depositions be taken. It is not a jury case.

TAXES FOR PAST YEAR NOW BEING PAID

The 1920 taxes are being paid by the wholesale dealers, and the result of the influx of court day is causing attaches of Sheriff Whitlock's office to spend more than the usual time over the accounts. Tax books are being received by the wholesale, and the work is said to be well in hand. Owing to the fact that there were more than the usual number of properties listed for taxation last year, because of numerous sales, and the cutting up of the big farms, there is extra work. This is also augmented by the fact that there was an increase in the rate and the returns this year are expected to exceed by far those of last year.

Many took advantage of court day and paid their taxes. These will have to be paid by December 1 and, according to the returns being made, there will be a very creditable showing made.

Another Clay Killing

Manchester, Ky., Sept. 7.—News was brought here that James Gabbard, merchant of Upper Buffalo Creek, northern part of the county, was shot and instantly killed from ambush near his home yesterday. Gabbard was a member of a feudist family. He was shot some time ago from ambush, but not seriously. Pleas Philpot, 48 years old, shot and instantly killed Gib Hampton, 25, on Little Goose Creek, about four miles west of here today. The shooting is said to have taken place after the two had quarreled at the home of Philpot. Hampton was shot in the head with a shot gun.

MRS. HAGGARD ASKS DIVORCE

Charges Husband, Held For Good's Death, Tried To Blacken Her Reputation

Winchester, Ky., Sept. 7.—Charging he has attempted to "destroy her good reputation," Mrs. Nancy Haggard, Monday, filed suit for divorce from Rodney Haggard, Winchester attorney, now being held on charge of murdering Ben Good on the streets here two weeks ago.

The suit for divorce follows a statement issued by Haggard's wife a few days ago in which she declared she knew Good only as an acquaintance and branded her husband's jealousy as unfounded.

Haggard is to be placed on examining trial Wednesday before the county judge charged with Good's murder. He has refused to make any statement, maintaining the silence which characterized his actions when he shot down young Good.

Mrs. Haggard, who had been separated from her husband for a month prior to the shooting, and who is said to have made several attempts to convince him his jealousy was not justified, ask custody of their 4-year-old daughter and \$20,000 alimony.

The petition for divorce charges that Haggard "for more than six months habitually behaved toward her in such manner as to indicate a settled aversion to her," and that "more than once he has driven her from her home with out cause."

The petition also charges that "he had been partly responsible for rumors hurtful to her good reputation and to defame and blacken her character," and "has attacked her reputation for chastity without the slightest foundation for truth."

Charges that he brutally choked her and drove her from her home with marks of his fingers in her throat, are also made.

She says she is weak and in poor health and has no means of earning a living for herself and daughter. She says her husband has been successful in practice of law, in the oil and loan business, and is capable of earning \$8,000 to \$10,000 a year.

FIREMEN RECALLED

Monday afternoon city firemen were again called to the scene of the F. H. Gordon warehouse fire of Sunday night to extinguish fire that started in the debris, and several hours were spent in throwing water. It is the intention to clear away the refuse as soon as the heat subsides sufficiently, and plans, which are said to be already underway for a new building, may be announced.

The loss will be about as stated in these columns, and the insurance will practically cover the loss sustained by Mr. Gordon. Mrs. Christian, owner of the building, will lose the value of the structure, since there was no insurance. This will be several thousand dollars. The building is said to have been one of the best in that part of the city, having been constructed for planing mill purposes originally. The produce of Mr. Gordon is being taken care of by additional floospace secured for the time being and he announces he will be ready for business again Wednesday morning.

BOY BADLY HURT

William, the 14-year-old son of Mr. and Mrs. B. E. Belue, suffered a severe accident Monday while assisting in driving livestock near the east end stockyards. The lad was barefooted and stepped upon a broken bottle, with the result that a deep gash several inches in length was cut in his left foot. The laceration extended entirely across the bottom of the lad's foot, and he suffered greatly from the loss of blood. His condition was discovered by Roy Taylor, who summoned Charles Baldwin, who was near at hand, and they took the situation at once. The blood, owing to the weight of the boy's body, simply seemed to gush from the wound. He was placed in the automobile of Mr. Baldwin and hurried to the office of Dr. Sandlin, where the wound was dressed. It may be that if the ligaments in the bottom of the foot are entirely severed, the boy will be rendered a permanent cripple.

MADISON WOMEN CROWD COURT HOUSE

Mrs. Harrison Given Hearty Welcome By New Voters When She Speaks For Cox

The Daily Register regrets that it is unable today to present a stenographic report of the splendid address which Mrs. A. M. Harrison, of Lexington, delivered to the voters of Madison county Monday. Shorthand notes of the address were taken, but they had not been transcribed in time for the Daily Register to use them today.

No more representative gathering has been held in Richmond in a long time than greeted Mrs. Harrison and Hon. Helm Bruce, who followed her. The county court room was packed and jammed with men and women voters. Every available seat was taken, the aisles were filled with those standing and the windows had folks sitting in them. It was a magnificent turnout for the women and men of Madison county in honor of the first political speech made in Madison county since the gentler sex were enfranchised. Great credit is due to the organization of local democratic women who had charge of the meeting.

Mrs. Harrison was introduced by Dr. Homer W. Carpenter, of the First Christian church, after County Chairman Judge John C. Chenault had called the meeting to order. Dr. Carpenter paid high tribute to Mrs. Harrison for her great life's work for humanity and the better things of life. All listened eagerly to what Mrs. Harrison had to say. She particularly stressed the League of Nations and showed plainly and convincingly why the women of America should vote the Democratic ticket this fall and put this great organization into effect that wars may never come upon the world again.

Mrs. Harrison was entertained at the Hotel Glyndon by Mrs. C. W. Holton, city chairman, and Mrs. C. W. Cobb, county chairman. They escorted her to the court house. A number of prominent young democratic veterans of the world war acted as ushers for the ladies, among them being Charles George, Frank Devore and Eugene Moynahan. They were assisted by several of the local campaign committee, Messdames Joe Head, D. B. Shackelford, Misses Marianne Collins, Anne DeJarnette, Margaret Parrish and others. It was a great day for the women of Madison county in their first political meeting, and presages greater enthusiasm in their work in old Madison.

Among those on the stage with the speakers, Mrs. Harrison and Mrs. Bruce, were Judge Chenault, Dr. Carpenter, Mrs. Carpenter, Judge Ralph Hilbert, of Shelbyville, Democratic candidate for congress, Mrs. Nannie Embury, Miss Belle Bennett, Mrs. Cobb and Mrs. Holton.

Mr. Bruce made a strong address featuring the League of Nations. He said that he came to Richmond as an independent, not a democrat; that he had cast more republican votes during the past 10 years than he had democratic, but that he felt this is a time when every man who loved his country and his home should vote the democratic ticket and elect a democratic president and congress, that the great principles of justice to humanity and protection to our own homes should be secured through the League of Nations, which the Democratic candidates are for and the republican candidates against.

LOCAL LEGIONAIRES HONORED

Representatives from the Jesse M. Dykes Post of the American Legion have returned from the convention at Louisville, greatly enthused with the work of the great organization. Charles George, a prominent member of the local post was honored by being made member of the State Legislation Committee. His friends say that no better selection could have been made as Mr. George is thoroughly conversant with Legion affairs and needs. Harry D. Rice was another member of the local post who was present at the convention and was honored by committee appointments.

B. F. EDWARDS OUT AGAIN

County School Superintendent B. F. Edwards, who has been confined to his home for some time with flu, is able to be out and has again taken charge of the affairs at his office. He reports there will be a meeting of the board again soon, at which there will in all probability be a transient officer named. This office has proven a boon to the schools of the county and the new laws will be enforced strictly. There have been no applications made for the office since the resignation of Prof. Paris B. Akin.

Today's Livestock Markets

Cincinnati, Sept. 7.—Good cattle steady; others very slow; hogs steady; Chicago strong; lambs steady.

GOOD STOCK SALES REPORTED MONDAY

Madison County Grazing Lands Halt Shipping For Present—Fall Sales Being Awaited

The extensive sale of stock expected Monday did not materialize, and the exceptional fall grass prospects are said to be the cause. There was much selling at the East End stockyards, where several hundred head of steers sold for 9 1-2 cents, and most of these were bought by local men who will fatten them for the fall market. There were four loads sent the Cincinnati market, but aside from this most of the stock was held in Madison county.

Hogs sold well at 14 1-2 cents, the demand being steady throughout the day, the result being that few were sent out of the county. These also will remain in the confines of the county until the later market. There was an abundance of sheep changed hands, the selling price of \$10 which started in the morning continuing throughout the day. This was one of the best sheep days for some time, dealers say.

On the streets the demand for mule colts was unusual, the prices ranging from \$60 to \$100, and \$110 to \$125 for tops. There was a demand for good saddle horses, but few were to be seen, and fewer changing hands, they being returned by their owners to await the fall sale, it is said. Work mules were in demand and there were good sales throughout the day, most of them going to eastern contracting companies. It is said as a result of the sale more than 100 mules which have been doing work on the local farms will appear in Pennsylvania in a few days. The shipments to the eastern markets have been heavy for some time and there is every indication that the later sales will record more big shipments from this city. There is a steady demand for the work mule, said to be found at this time of the year in large numbers here.

All in all, the sales for the day were good, but not what had been expected, since most of the work on the farm at the instance of the horse has been finished. However, this brings the matter back to the abundance of fall grass, which is causing the withholding of most stock at present. Some believe the grazing will remain good until nearly the first of the year.

Dering Had To Gouge Coal Men Himself

(By Associated Press)

Chicago, Sept. 7.—Replying to charges made by Gov. Cox that an attempt was made to levy the republican campaign assessment to \$8,000 on certain coal operators J. K. Dering, named by Cox as one of the principals, in a statement today denied the committee, of which he is chairman, held a meeting such as Cox described. It did meet, generally, in Dering's office, he said, and generally it was I who had to run around to coal men and pry money out of them. We raised between \$18,000 and \$20,000 and turned it over to Republican National Committee Treasurer Upham.

DEMPESEY WINS IN THREE ROUNDS

Billy Miske Knocked Out By Champion With Utmost Ease When Ready

(By Associated Press)

Benton Harbor, Mich., Sept. 7.—Jack Dempsey, world's heavy weight champion, received \$55,000 for battering Billy Miske, the St. Paul challenger, to defeat in the third round of their scheduled ten round bout here yesterday. According to a statement of receipts given out today by Promoter Fitzsimmons, the total attendance was 11,348, and total receipts \$134,904.

Miske fought on a straight guarantee of \$25,000. Miske's ribs are sore and his jaw bruised but otherwise he is none the worse for his experience. Dempsey did not bear a mark of the battle. Miske is heartbroken over his defeat. He hoped to stay the limit and left the ringside in tears.

Benton Harbor, Mich., Sept. 7.—Jack Dempsey, world's heavy weight champion, defending his title for the first time, knocked out Billy Miske, of St. Paul, in the third round of a scheduled ten round championship fight here Monday evening.

The finish came after they had fought one minute and 13 seconds of the third round. The challenger had been floored with a right hand punch to the chin and Miske took the count of nine. As he staggered to his feet Dempsey whipped over another right hander and Miske fell in his own corner. Referee Dougherty counted him out.

The fight was witnessed by a crowd of approximately 17,000. The gate receipts were estimated at between \$150,000 and \$200,000.

In the preliminaries, Bill Tate had the better of Sam Langford. The six round bout between Harry Greb and Chuck Wiggins was a draw.

Three hard smashes were sufficient to win Dempsey between \$50,000 and \$100,000, his 50 per cent share of the gate receipts. At the start of the fight, his first in 14 months, Dempsey peeled off the same worn and patched sweater that he wore when he knocked out Jess Willard. His face wore the same fighting frown. He danced about the ring with old time light footedness and finished up by taking the fight in the third round, just as he did at Toledo. The third round went one minute and 13 seconds.

Miske went down three times in less than two and one-half rounds of fighting in the second he measured his length of the floor for the count of five. In the fatal third, driven to his corner under a rain of lefts and rights to the stomach and chin, the challenger took the count of nine, and had just regained his feet, when Dempsey, carefully measuring his opponent, finished the bout with a right hand punch to the chin.

Miske, sitting in his corner being revived after the knockout, made this statement:

"Dempsey is a better man than I am. That fellow hits too hard. The punch that floored me in the second round all but caved my ribs in. I never was hit so hard in my life. The blow took all of the steam out of me and I had not recovered from its effects when the third round opened. I think Dempsey is unbeatable. There is not a heavy weight living that can stand up under his punches. I fought the best battle I could but was whipped before I really got started."

Dempsey, after a bath at his camp outside the arena, made this statement:

"I told my friends I would win. I never had any doubt of it. Miske is tough and I trained and fought him with as much caution as I would fight any heavyweight. He did not hit me hard enough to seriously hurt. The punch that started him on his way was a smash to the stomach in the second round. I felt my fist sink into his ribs and knew he was hurt. After that I was confident I could end it whenever I wanted to, but I fought carefully and took no chances. The first came before I could get warmed up."

A press to keep neckties smooth that has been patented stretches them at the point where they are most wrinkled.

THE LIVING ROOM

"Comes Into Its Own," and Strongly, Too

You probably think it is singular to apply this expression to a room—"comes to its own." It means that now, more than ever, housekeepers are furnishing the room in the home in which the family "lives," sure enough lives, in luxury, surrounded by the beautiful and artistic—this is the living room. You have one probably; if not, why? Well, if you have not, let us interest you in the proposition now—it is most opportune.

In the first place, about the floor covering—the effect of the furnishings will be made or marred by the rug. You must have it right.

Just now we have a most complete display of Tapestries, Velvets, Axminsters, and Wiltons. These are our two high-grade, dependable lines, and because of our being big buyers, the mills have taken splendid care of our orders. Our assortment is great.

As to prices—we could give you descriptions and tell you that on the above-named Rugs the prices range from \$32.00 to \$157.00 (9x12 ft. size) and you would still have no idea of the quality of the fabrics or the effect of the designs and colorings. You must see them, and see them now.

As to furniture—do you want to know that, with all the scarcity of goods and the resulting high prices, we can sell you a three-piece suite—divan, arm chair, and rocker, in mahogany finish and velour cover at a reasonable figure. From that beginning we grade up to the most luxurious davenports and chairs—those with deep cushioned seats and soft, springy backs and arms—the kind you want to drop into and—well—luxuriate. Picture a display of living room furniture—it is a sight to appeal to your sense of luxury and beauty.

Muncy Brothers

The Home Furnishers

Studies of road failure due to the soils used for grading are being made by a United States government bureau.

New Zealand has 20 societies for protecting native game birds and animals, an introducing others into that country.

It is estimated that more than one-half of the tobacco in Madison county has been cut and placed in the shed.

PUBLIC RENTING! and SALE of STOCK and CROPS

ON

Tuesday, September 21st., 1920

I will rent to the highest bidder my farm on Muddy Creek, 3 miles from Waco, Madison county, Kentucky, consisting of

327 Acres More or Less

200 acres of this farm is bottom land; about 55 acres for corn; 7 acres for tobacco; about 30 acres meadow, consisting alfalfa, clover, timothy, etc. about 20 acres wheat, and about 215 acres grazing land. Possession of house and grass given on day of renting; also small grain provisions. Other possessions given January 1st, 1921.

There is on this farm a modern 8-room house, with good cellar, good cistern, garage, and all other necessary out buildings, including three good tobacco barns and stocks barns; a No. 1 orchard consisting of 5 acres of all kinds of fruit. This farm has two big fish ponds near house and one ice house, fine water and grass and best fenced farm in Kentucky. Has to be seen to be appreciated. Also one tenant house.

Stock, Crops and Implements

400 BUSHELS SEED WHEAT

Will also sell publicly on same day and place about 600 barrels of corn, 1,000 bales of alfalfa, 700 shocks of fodder, 600 bales of wheat straw, farming implements, 9 pair of mules, 30 fat hogs, 1 good work horse, in fact everything that it takes to run a first class farm. For further particulars, call

Sam Hisle

Political Announcements
The Daily Register is authorized to announce the following candidates for office, subject to the action of the Democratic party:
FOR COUNTY JAILER:
SAM HUNTER.

ELECTIONS ARE ORDERED CALLED IN PRECINCTS

Elections were ordered called in the following precincts by Judge W. K. Price Monday in the county court: Newby, Posey, Biggestaff and Kingston. These will be held at the regular November election, to take the sense of the voters as to whether or not stock shall run at large on the highways in the respective precincts. Elections were held in these precincts last November, but on account of technicalities violated in the holding of the elections, the results were set aside.

WORKING MEN FOR COX

Louisville, Ky., Sept. 7.—If straw shows the direction of the wind, straw vote taken yesterday in Louisville during the Labor Day parade predicts a November breeze that will blow Governor James M. Cox from Dayton, Ohio, to Washington.

Out of 253 union men and women interviewed 206 denied any desire for a "return to normalcy" and signified that they intended placing "X's" under the feathered symbol of the Democratic party at the fall election.

Twenty-five of the marchers said they would vote for Warren Gamaliel Harding, however, and 14 said that Perley A. Christensen, the labor candidate, suited them to a "T." Four asserted they would vote for Eugene V. Debs, Socialist.

Two were undecided and one refused to state his choice. Another said he was for anyone who would guarantee the return of whisky.

KENTUCKY TEACHERS' EXAMINATION; RESULTS

Out of the 1,141 who took the last state teachers' examination, 603 passed. Of these 236 obtained first-class certificates, and 317 second. Fourth-class cities, which held a joint examination conducted by a committee, obtained certificates of 242 teachers under the act of 1920, fixing the qualifications of their teachers. Of these 152 were granted primary, 71 elementary and 19 high school certificates.

DEMONSTRATION OF FORDSON TRACTOR

On C. F. Chenault Farm, East of Richmond, Wednesday—Lines of Work To Be Done

En route from Louisville there is a "truck train," one of the Ford variety, one of the most complete to be equipped, and the small army of men accompanying it are bound for the C. F. Chenault farm, one mile east of the city on the Irvine pike, the object being a general demonstration of the Fordson tractor on Wednesday.

This will be the first exhibition of this character for the county and will be attended by the district dealers and manufacturers, who are due to begin to arrive in Richmond Tuesday evening. The demonstrations will represent every phase of work to which the Fordson tractor can be put, and they are numerous. Manufacturers of implements and accessories of this machine will also be in attendance, the object being to demonstrate to farmers and all the reliability of the machine and the various uses to which it can be put.

Branch Manager J. A. Hardin and assistant, of Cincinnati, will have charge of the demonstration work. There will be demonstrators for the various lines of work of which the machine is capable of doing. These will consist of plowing, harrowing, drilling wheat, cutting up various weeds and other features, besides the demonstration of the ensilage cutter, which will furnish one of the most interesting and important demonstrations of the day. Hay will be baled and many other things done to which the Fordson is adapted. There will be much under the supervision of Thomas Baxter, of this city, and other features will go far towards making the day an enjoyable as well as an instructive one. There will be an assemblage of Fordson users and owners of tractors are expected to be here from all parts of the local district.

Of the 300,000 tractors now in use in the United States, 100,000 are the Fordson. The adaptability of the tractors will also be seen in every phase, experienced men coming to furnish the demonstration. There will be a meeting of Ford dealers in Richmond Wednesday night.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Physicians claim there is nothing that will increase weight, strength and endurance like organic phosphate commonly known by druggists as argo-phosphate; it is inexpensive and is sold by all leading druggists everywhere under a guarantee to give satisfaction or money refunded. Weakness and thinness are usually due to starved nervous conditions.

Our bodies need more phosphates than are contained in the foods we eat.

If you wish a more rounded figure and plump well-developed arms, neck and bust in place of hollows you should simply take plain argo-phosphate as it builds up and restores run down nervous conditions by phosphatizing the system. It transforms the appearance and an increase in weight is often times quickly produced.

The increase in weight also aids in improving the general health. Sleeplessness, nervousness, lack of energy and ambition quickly disappear.

Pale cheeks are changed to rosy ones and dull eyes become bright.

Miss Lena Brown, of Atlanta, Ga., who weighed only 90 pounds, reports that she gained 10 pounds in two weeks' time and says argo-phosphate has made a different person of her and she has never felt better in her life.

SPECIAL NOTICE—Owing to the fact that so many physicians and druggists are recommending argo-phosphate for relieving all nervous, worn-out debilitated conditions and the unusually large sale for argo-phosphate there will be found in the market numerous substitutes for the genuine article. All imitations are inferior preparations and owing to its unusual flesh producing qualities it should not be used by any one unless they desire to put on flesh and increase in weight. Dispensed by the Richmond Drug Co.

LATE NEWS NOTES

Three people were killed and several injured by falling rocks in the Cave of the Winds, under Niagara Falls.

There was nothing indicative of the slacker about Jack Dempsey Monday. He evidently recognized it as a regular Labor Day.

Eight people were killed near Denver when an interurban car collided with a railway train.

Baby Girl Wins 3 First Prizes

Parents of Louisiana's "Champion Baby" raised her on Dr. Caldwell's Syrup Pepsin

THERE is always a good deal of sickness in the summer months, due to the hot weather. The heat is especially severe on babies and children, and often it interferes with their development and growth. They lose appetite, pass restless nights, suffer from indigestion, and finally constipation. In the hot Southern States mothers give a combination of simple laxative herbs with pepsin, at the first symptom of constipation. This formula is known to druggists as Dr. Caldwell's Syrup Pepsin, and they have sold it under that name for a quarter of a century. It is now the sole medicinal reliance in thousands of families.

Little Dorothy Boylan knows what real hot weather is ten months of the year. She is the daughter of Mr. and Mrs. Harry H. Boylan, and lives at 216 North Alexander St., in New Orleans. She has won three successive first prizes as the "Grand Champion Baby of Louisiana," and her parents say the only medicine they have ever given her

DOROTHY BOYLAN
Baby Girl Wins 3 First Prizes
is Dr. Caldwell's Syrup Pepsin. It has kept her healthy and built her up, and helped make it possible, they write, for Dorothy to be a prize-winning baby. You can obtain a bottle of Dr. Caldwell's Syrup Pepsin at any drug store. You will find it pleasant to take, and it does not gripe or weaken.

FREE Millions of people of all ages suffer from occasional or chronic constipation. Let them send name and address to Dr. W. B. Caldwell, 512 Washington Street, Monticello, Ill., for a free sample bottle of his wonderful Syrup Pepsin. 8 million bottles were bought at drug stores last year, the largest sale in the world.

Dance at Masonic Temple

The ball at the Masonic Temple on last Friday evening, given by Mrs. James W. Caperton in honor of her nephew, Mr. Albert Lacy Russel, and his guests, Mr. Dana Parker Bent, of Reading, Mass., and Mr. Alpheus Stickney, of St. Paul, Minn., was one of the most enjoyable and elegant social occasions of the summer. These young gentlemen are classmates of Mr. Russel at Yale and many delightful parties are being arranged for them, in addition to those which have already taken place.

For Friday evening the hall was beautifully decorated in pink Killarney roses in large silver vases; an excellent orchestra furnished music, and delightful refreshments were served at intermission. The hours were from nine until two. In the receiving line with Mrs. Caperton were Misses Isabelle and Mary Burnam Bennett, Miss Florence Kennedy Burnam and her guests, Mr. Max Kennedy and Mr. Foraker Matthews of Cincinnati, and Mr. Hubbard Hood, of Covington, and Mr. Russel and his guests, Mr. Stickney and Mr. Bent.

Among the chaperones were: Mrs. Caperton, Mr. and Mrs. Frank E. Jennings, of Jacksonville, Fla., Mr. and Mrs. Waller Bennett, Mrs. E. T. Burnam, Miss Willie Kennedy, Miss Helen S. Bennett, Mrs. Erskine Garland, of Huntington, W. Va. Misses Sallie and Bessie Miller, Mr. and Mrs. George W. Phelps, Mr. and Mrs. James Crutcher, Mr. and Mrs. Thos. C. McCown, Mr. and Mrs. Overton Harber, Mr. and Mrs. Robert R. Burnam, Jr.

There were about one hundred of the belles and beaux of Richmond present and the list of visitors included: Miss Dorothy Anderson, of Cincinnati, classmate of Miss Helen Rollins Bennett at Vassar; Miss Margaret Hocker Kansas City; Miss Marian Joplin, Los Angeles; Misses Jane and Katherine Hocker of Stanford; Miss Hinton, Paris; Misses Bessie Benton, Winchester and Eugenia Heyington, Louisville; Messrs. Alpheus Stickney, St. Paul, Minn., Dana Parker Bent, Reading, Mass., Tom Knight and Mr. Lombardy, Dallas, Texas, guests of Miss Emma Watts; Sam Day Ward Paris, Earle Baughman and Jesse Hocker, Jr., Stanford; Ensign Baldwin Brittain, N. S. N.; Max Kennedy and Foraker Matthews, Cincinnati; and Mr. Hubbard Hood, of Covington.

Informal Dinner Party
Mr. and Mrs. Frank E. Jennings arranged on Wednesday evening an informal dinner party at their home on West Main street to welcome the guests of their son, Mr. Albert Russel, who arrived on the noon train. Covers were laid for Misses Helen Rollins, Isabel and Mary Burnam Bennett and Florence Burnam, Messrs. Alphonso Stickney, Dana Bent, Ensign Baldwin Brittain, of the United States navy, and Albert Russel.

Miss Bennett Entertains

A very delightful affair of Saturday afternoon was the swimming party and buffet supper to which Miss Helen Rollins Bennett was host in compliment to her house guest, Miss Dorothy Anderson, of Cincinnati. Included in the invitations besides the honoree were Misses Florence Burnam, Nancy Haden, Mary Louise Covington, Bettie McCann Perry, Marie and Isabel Bennett, Mary Harper Henderson; Messrs. A. R. Burnam, Jr., Rollins Field Burnam, Richard Jett, Igo Perry, Edwin McCord, Albert Lacy Russel, Maxwell Kennedy, Hubbard Hood and Foraker Matthews of Cincinnati; Alpheus Stickney, of St. Paul, Minn.; Dana Bent, of Reading, Mass.; and Baldwin Brittain, of the United States navy.

Pickels—Roberts

At noon Monday, Miss Mary D. Pickels, at the home of her parents, in Third street, was united in marriage to Mr. Harry Vivian Roberts, of Chicago, by Rev. Homer W. Carpenter. Miss Pickels is the only daughter of Mr. and Mrs. G. W. Pickels, is a graduate of Hamilton College and in music a product of the New England Conservatory of Boston. Mr. Roberts is an architectural engineer, a graduate of the University of Illinois, and is identified with one of the leading firms of Chicago. Their friends extend hearty congratulations.

Open Session of Missionary Society

The Woman's Missionary Society of the First Baptist church will hold an open session Friday afternoon at 2:30 in the church auditorium. All of the missionary societies in Tate's Creek Association are cordially invited to be present. Mrs. T. D. Chennault, Sr., Mrs. Harvey Chennault, Mrs. A. K. McCown and Mrs. Joe Harris will be hostesses and Mrs. O. O. Green leader of the literary program.

Entertained At Dinner

Mr. and Mrs. Luther Burrus entertained with a delightful dinner at Dixie Inn Monday. Covers were laid for Mr. and Mrs. W. I. Sanders and

Here's how Joe's fish story really started

WE CLAMBERED down,
THROUGH HEAVY thicket
AND WE rowed the boat,
OUT TO a rocky ledge.
WHERE BLACK bass hide.
THEN JOE let out a roar.
FOR HIS cigar box.
HAD FISH lines in it.
INSTEAD OF smokes.
AND HE refused with scorn,
OUR CIGARETTES.
HE SAID they were not,
EVEN FIT for bait.
HE'D HAVE a man's smoke,
OR NOTHING.
AND FOR an hour,
HE GOT nothing.
NOT EVEN a bite.
WHILE WE pulled 'em in,
AT LAST he grunted.
"GIMME A cigarette."
AND IT just happened.
HIS LUCK changed then,
SO NOW Joe swears.
THAT THOSE cigarettes,
WERE SO blamed good,
HE BAITED a hook,
WITH ONE of them.
AND CAUGHT a whale.
PARTICULAR FISH, he says,
HIMSELF AMONG them,
ARE JUST the sort.
THAT THEY satisfy.

MANY a cigar smoker will agree that Chesterfields "satisfy." They let you know you're smoking. And yet they're mild—mild and smooth. What's the secret? Just knowing how to blend choice Turkish and Domestic tobaccos—just right!

ONE FULL QUART CONSUMED BY FOUR

Before and After Illustrations
Given By Quartet of Well
Known Young Men

Directions, printed in several languages, "Tablespoonful before each meal and before retiring," that's the inscription on a quart bottle of patent medicine consumed, it is said, by four young men, all very well known, but it appears they did not follow directions, since the bottle was purchased during the day and the quart was taken in by the police before nightfall. It seemed they started before one meal and finished the bottle before the next, having none to take before retiring.

There was extensive questioning, and it was found they had been drinking everything from lemon extract to hair tonic to satisfy an insatiable desire for strong drink. Three of the men are said to have been found in an almost helpless condition when officers came upon them. The defendants, all of whom hold good positions, were unable to state where they got whisky which they also admitted having drunk. One of them said after reaching a certain point in the country, "you could get all you wanted." But he was unable to remember any names of men who had sold the liquor. "Strange," said City Judge G. Murray Smith, "that you young men take such desperate chances drinking anything, especially a stranger, given you."

All were fined \$10 and costs, which they paid or arranged to pay, and were released. They were informed this was the minimum fine under the new law for intoxication, and admonished from repeating the experience. He stated he would tack on the 30-day jail sentence the next time any of them came before him on a similar charge.

REAL ESTATE BOOM IN CITY OF JACKSON

Robert Walker, well known auctioneer, is home from Jackson, where he conducted some lot sales that were out of the ordinary, he claims. Mr. Walker thought real estate was high in and about Richmond, but states that Jackson property is certainly in great demand, since he thought the bidding on town lots was never going over the top. "Lots 70x90 and 110 feet in ordinary locations in the city sold from \$14 to \$18 like hot cakes," he reports, and says there is a great demand for them at that. "I don't know the reason, but there is lots of money there," he continued. "The lumber, coal and tobacco are making the country there and everybody seems plentifully supplied. They are sure going some down there, and it seems that the shipments into the town are heavy and merchants are enjoying the trade of their lives."

Just What She Needed
"I used a bottle of Chamberlain's Tablets some time ago and they proved to be just what I needed," writes Mrs. Volta Bankson, Chillicothe, Md. "They not only relieved me of indigestion and toned up my liver and rid me of headache and dizziness that I had been subject to for some time. They did me a world of good and I will always speak a good word for them."

DEMAND FOR MELONS
There was a great demand for melons of all varieties Monday during the court day sales, and it is claimed hundreds of melons, all home grown, were consumed. The streets and court yard gave evidence of corroboration, since rinds were to be found by the barrel. The dealers were given the privilege of passing through First street, between Irvine and Main, if they so desired, and they did a big business. It was said that 50 wagon loads were upon the square at an early hour, and none were taken home.

A Wisconsin man is the inventor of detachable propellers, operated by cranks, to replace oars in row boats.

QUIT TOBACCO

So easy to drop Cigarette, Cigar, or Chewing habit

No-To-Bac has helped thousands to break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a smoke or chew, just place a harmless No-To-Bac tablet in your mouth instead. All desire stops. Shortly the habit is completely broken, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question. No-To-Bac is made by the owners of Catcarts; therefore is thoroughly reliable.

CHARCOAL DEMAND IS VERY GREAT HERE

Tobacco Spoiling As Result of
Lack of It—Producers Must
Realize Good Price

There is a big demand for charcoal which is being hauled to the city and sold as soon as it reaches Richmond. There is but little burned in Madison county these days, hence the great demand. Monday there was a big supply sent in from Estill county, but those anxious for it were unable to procure it, since the entire supply had been previously sold. Much is being burned in that county in some sections, although the industry is not what it used to be. It is said the government left considerable after the close of the war and this is being made use of by many. It is used for drying tobacco, and the supply is not nearly equal to the demand.

"This is given as one of the reasons for the spoiling of tobacco already housed," said one producer in speaking of the supply of tobacco that had been ruined by being placed in the sheds while too wet, and the temperature of the sheds not being properly arranged. This led to a molding, he stated, and hundreds of pounds have been thrown aside by some as a result.

"There could be great quantities of that charcoal used here and with a great success if it could only be obtained," said another, and the third man asked about stated one could make good wages burning and preparing it, "for," he claimed, "they could bring it to town and get whatever they wanted for it. They would not really get a chance to bring it to town, for it would be bought on the spot and hauled away besides." He stated, however, that he did not believe the percentage of tobacco ruined in this manner would represent a great figure, although all thrown away is a loss. Producers assert that owing to the prices they had to pay for labor, they will have to obtain a fair price for their product or lose in the year's work.

The Best Advertisement
The best advertisement and merchant can have is a satisfied customer. No greater recommendation can be given an article than the following by E. B. Milburn, prop., Guion Drug Store, Guion, Ark.: "We have sold Chamberlain's Cough Remedy for years and have always found that it gives perfect satisfaction."

MADISON COUNTY TAXPAYERS REPORT

Office of County Tax Commissioner Ben Powell Busy Place These Days

The office of County Tax Commissioner Ben R. Powell is a busy place these days and he, together with his assistants, are studiously engaged in the routine of that office which has not even increased over the present busy period in the near future, owing to the fact that all returns are to be received by November 1st.

When it is known that there are more than 8,300 separate lists to be made out, representing the tax payers of Madison county, the magnitude of the task may be readily conceived. The work, which usually starts a little earlier than this, has been somewhat delayed by the busy farmer, who is just getting to the matter of making his tax returns. This is now being done by many, and there are indications of a busy month ahead, since there is a mass of work to be done as the incoming reports are received. The tax rate this year will doubtless make the total tax the most extensive in the history of the county and there will be little rest for the office men for some time to come. They have a specified time in which to file the report of the county, and this has been done on time, according to the slogan of Mr. Powell, whose accuracy in the management of the office together with the satisfactory manner in which he has handled the business of every taxpayer in the county indicates his efficiency.

There are dull periods in report making upon the part of rural residents then there will come a rush of business that will cause the office force to be busy for a week. While the reports have been started a little slower than usual, Commissioner Powell believes they will all be in on time and he will be able to get his work in condition to make his report on time. He has a system of arranging accounts and a manner of disposing of them expeditiously that is said to have attracted the attention of many accountants.

An English inventor's artificial arm is worn with a waistcoat instead of being strapped to a man's shoulders.

It's pins to pianos

you'll say that Camels are the most delightful cigarette you ever smoked!

YOU get to enjoy Camels so much and you so keenly appreciate their new and refreshing flavor and their smooth mellow-mild-body--well, you realize they're made to fit your taste!

You can start with Camels quality as one reason for their goodness. Then, to quality add Camels expert blend of choice Turkish and choice Domestic tobaccos which you will quickly and surely prefer to either kind smoked straight! All that gives you the most delightful cigarette any smoker ever put a match to!

Camels never tire your taste, no matter how liberally you smoke. And, Camels are free from any unpleasant cigarette odor!

Compare Camels with any cigarette at any price!

BIG SALE OF LAND

Hereford Cattle and Other
Personal Property

—OF—
ALFRED OWENS

Saturday, September 18

—10 O'CLOCK—

302 acres, Garrard county, on Preachersville and Fall Lick pike, on Drakes Creek, 7 miles Lancaster, 1 1-2 miles east of Preachersville. 150 ACRES DRAKES CREEK BOTTOM, with the reputation of "NO BETTER LAND ANYWHERE."

2 Sets of Improvements—Frame Bungalow, 6 rooms and bath, 2 porches, new Delco Electric Light plant, cistern on concrete base, garage, cow house, metal roof tobacco barn 60x60 and other outbuildings.

The other set of improvements consists of 2 story old style stone house with frame ell; 7 rooms, halls and 3 porches, new cistern, stock barn and other outbuildings. Nice yards and fine shade at both dwellings.

The farm has about 1 mile frontage on pike and will be subdivided into several tracts with frontage for each tract. The purchaser can buy a small tract or just as many acres as he wants. This land is all good—no waste land on this farm—it has been well taken care of. It can all be cultivated. It is tobacco, corn and hemp land. Those Drake Creek bottoms will average 15 barrels of corn per acre any year and 1,500 pounds of hemp.

50 acres in corn, 5 acres tobacco, 60 acres oat stubble sown to clover and orchard grass, 10 acres timothy meadow, balance in Blue Grass, orchard grass and sweet clover. A fine sugar-tree orchard, 75 large sugar trees. Farm is well fenced, patent gates at pike.

Will sell this farm to the "High Dollar" on good terms and for possession January 1, 1921.

Don't miss this opportunity.

Everybody invited to this sale and free Burgoo and Dinner.

PERSONAL PROPERTY

15 Hereford cattle with calves, pure bred but not registered; 1 registered Hereford bull; 16 yearling Hereford heifers; 9 head 1000 pound Shorthorn feeding cattle; 10 short yearlings; 50 black faced ewes and 3 bucks; 1 team Percheron horses; 2 two-year-old Percheron fillies; 1 three-year-old Percheron mare; and colt; 1 mare mule and some other stock.

All kinds of farming implements—binders, mowers, plows, harrows, etc., such as is usually on a well equipped farm; also household and kitchen furniture.

Don't forget the DATE and the BURGOO. Get busy, look over this farm if you want to BUY LAND.

For further particulars see Mr. Owens at the farm or W. E. Moss or R. H. Dever, at my Danville office, or W. A. Dickerson or George Swinebroad, at my Lancaster office, or

WORKING OVERTIME ON CITY STREETS

Big Trucks Operate 18 Out of 24 Hours In Order To Hurry Work—Asphalt Being Laid

No time is being lost by the Lampton & Burks Co., some of the men working 18 hours per day, in order to keep the supplies on hand for the paving squad, which is making rapid strides on Main and other streets where the work is in evidence. Drivers of the big trucks who handled crushed stone during the entire day Monday, changed to hauling sand Monday night, and the big trucks did not cease until 3 o'clock Tuesday morning. The sand was placed at the disposal of the concrete force, which has been busily engaged for some time on Main street. This work is progressing as a result very rapidly, and it is the intention to continue this pace if possible, in order to prevent the interruption of business on Main street as little as possible. The men have been working from 13 to 15 hours regularly, but this is the first time they have been called upon to put in 18 hours, and they readily consented. The sand which is so essential, was lacking for a short time and this is one of the reasons for so much time being given to the transfer to the scene of operations now.

The asphalt machine is working nicely and asphalt is being placed, although not to full capacity of the machine, as it will be within a day or two. With favorable weather, there will be some very material changes in the condition of the streets this week. It is the intention to push the work of asphalt paving Lancaster avenue to completion at the earliest possible period, and this much travelled thoroughfare will soon be opened to the public. There have been a number of changes made in the working forces, as well as the management, and indications are that there will be more headway made in the near future.

STAMBOUL SAID TO BE VILEST CITY ON EARTH

There is a remarkable fascination about Stamboul, the old quarter about Constantinople, which attracts all who ever journeyed to the Golden Horn. One wonders what it is that so fascinates those of the west. Is it the veiled women in whose faces no man is permitted to look? Is it the hurrying along of the motley groups? The black slaves? Perhaps it is the Arabs from the Syrian desert, or the saints from the country.

Maybe it is the crowd of disciples, murmuring their blessings, or the bare-legged Armenian porters staggering under great weights. The soldiers on foot, the helmeted police on horseback, the shambling eunuchs, the proud Albanians, the Sisters of Charity, the Mohammedan merchants of the Great Bazaar, the dancing Dervishes—these and a thousand other great sights make Stamboul one of the most fascinating spots on earth.

"The Virgin of Stamboul," produced by Universal-Jewel as a master-feature, was written especially for Priscella Dean by H. H. Van Loan, and the author has endeavored to paint an animated picture of the "wickedest" city in the world. Director Tod Browning has faithfully followed his story and has reproduced that painting in life-like scenes.

In the role of Sari, the beggar-girl of Stamboul, Priscella Dean is said to have achieved her greatest triumph. The part permits her to exercise all those thousands of individual mannerisms which have made her the pet of millions, and the producers have surrounded her with every accessory to make "The Virgin of Stamboul" a triumph. The Turkish city has been reproduced with marvelous fidelity for the film, and dozens of other scenes have been visualized and form part of this picturesque production.

"The Virgin of Stamboul" will be presented at the local theatres Tuesday and Wednesday of this week.

Despondency
Sufferers from indigestion are apt to become discouraged and feel that complete recovery is not to be hoped for. No one could make a greater mistake. Hundreds have been permanently cured by taking Chamberlain's Tablets and can now eat anything that they crave. These tablets strengthen the stomach and enable it to perform its functions naturally. If you have not tried them do so at once.

WEED SPECULATORS MUCH IN EVIDENCE

Offers Spurned By Producers Who Are Determined To Say "Good Price or No Sale"

Tobacco speculators were much in evidence in Richmond and during the court day proceedings, there were many offers for productions yet in the field, but numerous inquiries brought forth no sales. There are said to have been various prices offered for crops yet uncut, but the producer is said to have refused them one and all. It was difficult to estimate the figure offered, however, the word was put out early that the production in Madison county was to be a large one, and that there would be a plentiful supply on hand. However, the producers claimed to a man that they would realize a good price for their product before they could get as much money as the man who worked by the day, and they have apparently established themselves against any propaganda to the contrary.

The average producer is resigned and determined. Resigned to await the regular season for selling and determined to have a fair price on his tobacco will not go on the market. Indications are that there will be lively times later when the sales begin, for it is known many are anxious to buy, and even take a chance on the prevailing prices later on. This puts it up to the producer who believes he is able to take a chance as well as the speculator, and is therefore holding his production.

The situation is that Madison county will produce about 15,000,000 pounds of tobacco this year, but it is claimed this amount will not be placed on the market, since there will be a certain per cent of it thrown out. This does not change the situation, since the average production is felt assured and the producer is taking chances on his quality. The holding of tobacco by the producers here indicates a determination to realize all possible out of the crop and they are figuring the high prices they were compelled to pay for the planting and caring for the crop. It is said that strippers are going to be as scarce as other lines of workmen during the season, and this is another matter being given consideration by the producers.

Chamberlain's Colic and Diarrhoea Remedy in Michigan

Mrs. A. H. Hall, Caseville, Mich., says, "I wish to thank you for your grand good medicine, Chamberlain's Colic and Diarrhoea Remedy. We are never without it in the house, and I am sure it saved my baby's life this summer."

Mrs. Mary Carrington, Caseville, Mich., says, "I have used Chamberlain's Colic and Diarrhoea Remedy for years and it has always given prompt relief."

Firm Name Printed Wrong

It was the firm of Gaines and Starbuck, that have opened up the Dodge agency here, not Scarborough and Gaines, as an advertisement in the Daily Register erroneously gave it the other day. The Dodge is a very popular make of machine and the new firm is being congratulated upon securing the local agency for it here. Local buyers having had to depend upon Lexington in the past.

Mr. John David Durham has returned to his home in Middletown, O. after a visit to his parents, Mr. and Mrs. W. D. Durham. Mr. Durham is employed in a steel mill in that city.

BIDS WANTED

Bids will be received in the office of President T. J. Coates until noon Monday, Sept. 13, for the construction of an addition to the Power Plant on the Campus, same to be known as Coal Storage Room, according to plans and specifications, which are on file in office of Supt. of Buildings and Grounds, Roark Hall.

Auction Sale of Land and Personal Property

Of James H. Weaver

Friday, September 10th, 1920

10 O'clock

109 acres of fine land, well located

LOCATION—In Lincoln county, 5 miles from Lancaster, 6 miles from Stanford, 9 miles from Danville; 3-4 miles from Lancaster and Danville pike. On good graded gravel county road leading from Lancaster and Danville pike to Lancaster and Stanford pike; 1 1-2 miles from Hubble and in splendid neighborhood, close to schools and churches.

IMPROVEMENTS—New two story 8 room dwelling with 2 halls, 2 porches, new garage, one stock barn, one six acre tobacco barn and other out buildings; new stock scales; one good tenant house. Cistern at house and barn and everlasting stock water. On Dix river. Good orchard, grape arbor and other small fruits. 25 acres in corn, 25 acres in cow peas, 4 acres in tobacco, balance in grass. On rural route and telephone.

This is splendid productive land, nearly all level. Some of that good Dix river bottom. This is a tractor farm. No waste land. A nice home and pleasant place to live. Nice yard and garden. This farm is just the right size and will be sold as a whole.

My contract calls for an ABSOLUTE SALE WITHOUT RESERVE OR LIMIT, so somebody is going to buy this farm at the "High Dollar." Be sure not to overlook this sale. It is in one of the best counties in the state of Kentucky.

PERSONAL PROPERTY

At the same time will sell for Mr. Weaver 35 head of Southdown ewes, one buck, 2 Shorthorn cows, 1 Hereford cow, two 700-pound steers, one 600-pound black heifer, 1 Jersey milk cow; 1 Duroc boar, 9 brood sows, 35 shoats, weight 50 pounds, 1 aged mare mule, 1 new Fordson tractor, with gang plows, double disc harrow and culti-packer, mowing machine, hay rake, manure spreader, 2 wagons, wheat drill, corn planter, plows, wagon gears, etc., 4-horse International gasoline engine, ensilage cutter, corn crusher, belts, etc., outfit complete; 6,000 tobacco sticks, household and kitchen furniture.

Dinner on the grounds. This is a big sale. Don't fail to attend.

For further particulars see the owner, W. A. Dickerson, or George Swinebroad at my Lancaster offices, W. E. Moss or R. H. Dever at my Danville offices, or

Swinebroad, The Real Estate Man

LANCASTER, KENTUCKY

Don't overlook dates of other sales. Send for catalog, descriptions of farms for sale publicly and privately.

HALF MADISON TOBACCO

CROP IS IN THE SHEDS

One-half of the Madison county tobacco is said to be in the sheds, many of which have been completely filled by the crop, which appears to be in a condition to record a normal quality. Some of the producers state they will not have as much first-class tobacco as last year, while others de-

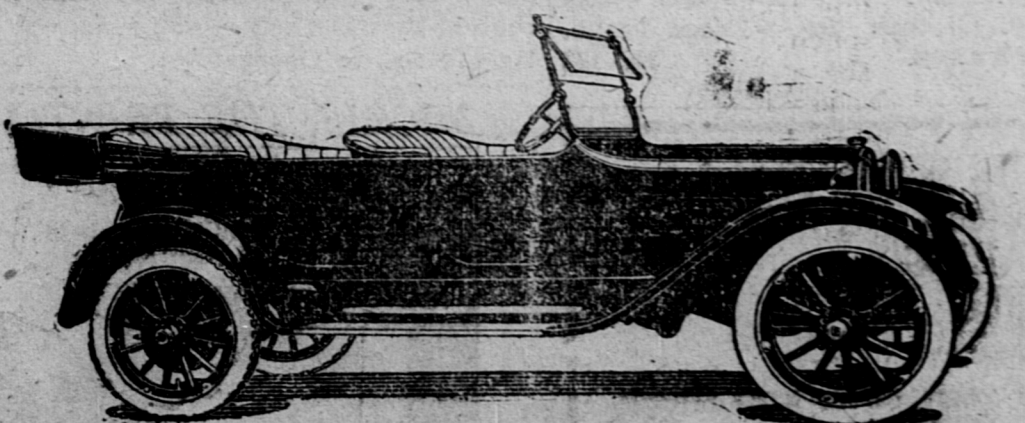

clare they will have really more. This is the situation throughout the county, but the raisers contend the production this year will be greater than last year, although the first-class quality may not be as large.

BACK TAX GIVEN ATTENTION

A number of property owners in the county charged with back tax

bills will be given attention at the regular meeting of the fiscal court, it develops, owing to the fact that the bills were sent in as a result of the operations of Special Investigator Gilfillin some time ago. There are not a great many of them, as reported in some counties, most of the property owners of the county having paid their taxes in full.

LETTER FROM MRS. BRUCE

Tells Remarkable Story of
Sickness and Recovery.

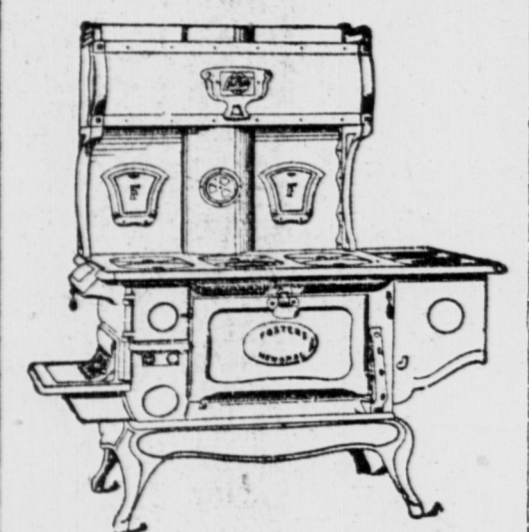

Brookburg, Ind.—"When I was a young girl I clerked in my father's store and lifted heavy boxes which caused displacement and suffered greatly. I was married at the age of eighteen and went to a doctor about my trouble and he said if I had a child I would be all right. After three years twins came to us and I did get all right but three years later a baby boy came and I was troubled again. I could scarcely do any work at all and suffered for four years. A neighbor told me about Lydia E. Pinkham's Vegetable Compound and I took it for a year or more. Now I have a baby girl and do not have any female trouble. You can do anything you like with my letter to help others."

—Mrs. J. M. Bruce, R. F. D. 3, Brookburg, Ind.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for more than forty years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass.

The \$125,000 court house in Bell county has been finished and is now ready for business. There is said to be a big batch of business on hand, this having been held up pending the completion of the structure.

KEPT HER AWAKE

The Terrible Pains in Back and
Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful."

I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui.

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui.

By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well. If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial.

MOORE BACKS UP HIS CHALLENGE

Tells Kenyon How To Get Ample
Proof of Big Republican Fund
Should He Desire It

(By Associated Press)

Chicago, Sept. 7.—The Senatorial committee investigating campaign expenditures, is not seeking the best evidence to prove Governor Cox's charges against the republican party, Edmund H. Moore, of Youngstown, O., the Governor's personal representative, told the committee on the witness stand today.

Moore said there were men better able to tell the republican plans than either he or Cox, and asked why Col. William Boyce Thompson, the New York chairman of the Republican Ways and Means Committee, and "sixty men of a paid organization," were not called. He said that Cox had no evidence to support the charges outside of that Moore brought to Chicago with him, the witness said, at the same time producing a stack of papers. He said Cox sent him to Chicago to give the committee a list "from whom the committee could get the information to support the Governor's charges, and mentioned Harry M. Blair, Republican National Treasurer Upham's first assistant, and several other employees of Upham's office, and asserted that the republican bulletins and republican papers furnished all the leads necessary."

Signs of friction developed when Senator Kenyon asked Moore about a newspaper interview with him Thursday. "Did you say," asked Kenyon, "if the committee wants to it can get men here who will prove the falsity or truth of Cox's charges in 48 hours?"

"Well, if I didn't say it then, I say it now," Moore responded.

(By Associated Press)

Louisville, Ky., Sept. 7.—Seven hundred bankers are here today for the 28th annual convention of the Kentucky Bankers' Association. The chief interest attaches to the proposal for a change of interest in rate from six to eight per cent on ordinary loans.

(By Associated Press)

Ardmore, Okla., Sept. 7.—Approximately a half a million dollars will be paid out to Indians in the old Choctaw nation this summer, according to Col. S. A. Mills, of the Indian Department. Each Indian whose name appears on the rolls will receive a check for \$100.

(By Associated Press)

Chicago, Sept. 7.—False horse teeth made from concrete, concrete potato peelers and pipe organs are being made today for practical use, according to a list of cement articles published here by the Portland Cement Company. A French automobile concern is reported as making bodies from concrete. Armour plate for warships, freight cars, fly wheels, and bed slats comprise some of the other common uses of cement given.

STATE U. D. C. MEETING

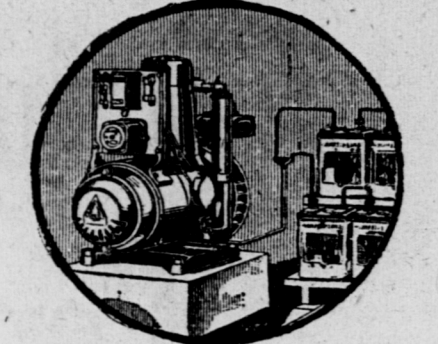

The state convention of the United Daughters of the Confederacy will convene at Cynthiana Wednesday and Thursday, September 22 and 23. About 100 women will represent the various chapters of the state.

CHANDLER GOES TO CARLISLE

Rev. M. T. Chandler, pastor of the Methodist church here for the past four years, was transferred to the pastorate at Carlisle, Nicholas county, by Bishop Denny at the conference at Lexington. Rev. J. A. McClintock was returned to the pastorate of the College Hill Methodist church. Rev. B. O. Bee, of Irvine, was transferred to Georgetown.

Peculiar Killing In Breathitt

Jackson, Ky., Sept. 7.—After he had fired two shots at Mrs. Geo. Bolin, whom he accuses of having been responsible for his wife's death, Ben Bolin, 28, farmer, was shot and probably fatally wounded by his cousin, George Bolin.

Mrs. Ben Bolin died several weeks ago after a child had been born. Her husband swore to a warrant against Mrs. George Bolin, wife of a cousin, and her daughter, charging them with murder. He alleged they struck her with rocks and otherwise abused her. The mother and daughter were released under bond after waiving examining trial.

Ben Bolin fired twice at Mrs. Bolin yesterday as she stood in a hall of her home. One bullet took away a lock of her hair, the other missed.

A short time later George Bolin shot his cousin twice. One bullet through the lung probably will prove fatal. George Bolin, lodged in jail, says he shot his cousin as the latter crept up through the bushes toward the house.

100,000 Anthracite Coal

Miners Still Out

(By Associated Press)

Wilkesbarre, Pa., Sept. 7.—Contrary to the general expectations, there was no general movement of anthracite mine workers back to work today. Reports from the entire hard coal region indicate at least 100,000 men are still idle. Coal officials believe there will be a movement back to the mines tomorrow. Union miners stated the tie-up was due to dissatisfaction with the Anthracite Coal Commission award last week.

In Breathitt county, Grant Blankenship, of Wolfe county, and Ben Bolin, of Cane creek, were seriously injured by being shot. The cause of the trouble has not been ascertained.

Too Fat?

Do not try to become slender by drastic doses of thyroid or salts. Reduce weight and waistline; also hips, double chin, etc., by the safe, reliable Korein system. The shadow on this picture gives you an idea how she looked and felt. By taking Korein and following easy directions of Korein system she reduced from clumsy features to graceful proportions. Now she is agile, attractive, mentally alert and in better health. Why not you? Reliable anti-fat self-treatment.

Become Slender and Stay So

Many, both sexes, report they have reduced 10 to 60 pounds. No starving; no exhausting exercises. Become exquisitely slender and remain so. Safe, pleasant method, endorsed by physicians. BEREA COLLEGE DEFENDANT AGAIN

In Big Damage Suit Filed By
Property Owner As Result of
Location of Garage

A suit involving a petition for damages to the extent of \$10,000 has been filed in the Madison circuit court against Berea College and tenants, E. C. Shrivener and George Moore, by Attorneys C. C. Wallace and John Noland in behalf of J. B. Richardson, a resident of Berea. The latter, according to the lengthy petition, is the owner of a beautiful residence which is his home and which property is in the vicinity of some of the college property and that persistent remonstrances upon his part were in vain when the defendants constructed a garage adjoining it.

The garage, it is said, has been built and is used for a repair shop as well, and has been constructed in such a manner and in such location as to admit of a driveway directly adjacent to his house, and that as a result there is a continual noise either of motors, explosive exhausts, foul odors and that comfort as well as the value of his home has been greatly interfered with. Mr. Richardson also states in the petition there is a public nuisance maintained, in that smoke issuing from the building renders life in his home almost unbearable; that he asked for the building to be placed elsewhere, since the college is said to possess ample room elsewhere, and that he remonstrated repeatedly with the defendants. However, they continued, with the result that the garage and repair shop was built and is being used.

"Bud." According to the message received, he had a paralytic stroke early Monday and after suffering from the stroke for only two days departed this life. Just before the end came he was baptized by a priest of the Catholic church of that city, and a smile was upon his face as he went out of this life.

"Bud" had been working with his father in his tailor shop for some time, and apparently seemed to be in the best of health, and the shock to the stricken parents was deplorable. Up to the hour of publication no announcement had been made as to the funeral arrangements. Friends of the family here, as well as at Somerset, where they resided for many years, unite in sympathy for the bereaved ones.

"BUD" JACOBS DIES

FROM PARALYTIC STROKE

Friends of Mr. and Mrs. Charles Jacobs, formerly of this city, but now residing in Huntington, W. Va., received news here Tuesday morning bearing the sad news of the death of their son, Robert, familiarly known here to a large number of friends as
